

2024 Nedbank Stewardship Awards

IMPORTANT ANNOUNCEMENT: 2024 Nedbank Stewardship Awards

After much consideration and consultation with Nedbank, the MPO has decided to postpone the 2024 Nedbank Stewardship Awards due to the ongoing FMD outbreak in the Eastern Cape province.

This decision was not taken lightly, but given the severity of the situation, we as a representative organisation feel that the health and well-being of our farmers and their dairy herds must take priority.

We assure you that all nominations received will be kept on record and will remain valid when we resume the project later in the year.

We thank everyone for their nominations and extend our heartfelt gratitude to Nedbank as our sponsor for their understanding and ongoing support for sustainability in the dairy industry.
